[DISPATCHES TO THE OREGONIAN.]

DATES TO FEBRUARY 15.

Congressional

WASHINGTON, Feb 14.—In the Senate Williams presented memorials from officers of the volunteer army protesting against the passage of the bill relative to commutation of pay.

Trumbull called up the bill introduced yesterday authorizing the temporary supplying of vacancies in the Executive Department. The bill provides that in case of death, resignation or absence of the head of any Executive Department, or of any officer whose appointment is vested in the head thereof the President may authorize the head of any other Executive Department or other officer whose appointment is vested in him with the consent of the Senate to perform the duties of said officer until a successor shall be supplied, or the disability shall cease. It provides that no vacancy shall be thus supplied longer than for a period of ten days. After some discussion, the bill passed.

Wilson, from the Military Committee, reported a bill reducing the expenses of the War Department, and for other purposes.

The resolution to admit Senator Thomas of Maryland, came up.

Buckalew spoke in favor and Sherman, Howard, Morton and Stewart against his admission.

Johnson gave notice that he would close the debate on Monday, and the Senate went into Executive session, and soon after adjourned.

In the House a bill was introduced forever abolishing peonage in New Mexico. Referred to the Judiciary Committee.

The House proceeded to consider a bill for again extending the patent for making wooden screws, to Welden Thomas and Harvey I. It was defeated, on the ground that it was in the interest of a monopoly, the Providence American Screw Company.

The Speaker presented a communication from the Secretary of War enclosing copies of all orders to commanders of the military districts, in reference to the reconstruction laws.

Butler reported a bill for the relief of the Navajo Indians at the Bosque and Redondo Reservations, and to appropriate $150,000 therefor. Passed.

The House proceeded to consider the resolution declaring Smith, the contestant of Brown's seat, from Kentucky, not entitled to the seat. Without the discussion of this question the House adjourned.

In the House, Ward offered a resolution, which was adopted, directing the General of the army to furnish the correspondence between himself and Halleck, in relation to the removal course at New Orleans.

Washington News.

WASHINGTON, Feb 13.—The Diplomatic Appropriation Bill now pending, differs from the one originally introduced. It restricts the appropriation for Minister to Portugal, but contains no appropriation for the Minister to Greece or Rome. It provides Commissioners or Consul Generals to Hayti and Liberia instead of Ministers, and reduces the contingent fund of the State Department over one half. It omits the salary of the second Assistant Secretary of State. The bill provides that no consuls, consulate or commercial agents can be paid, except those specified in the act. All laws providing payment of consular officers not herein specified are repealed. All moneys received for fees of vice-consulate or consul, or agencies of the United States beyond the sum of one thousand dollars for any year, must be accounted for and paid in the Treasury, in the same manner as other moneys received for the United States. The number specified in the act is 169, leaving upwards of four hundred consuls and commercial agents to be no longer paid. The total amount appropriated is $265,934. The deficiency bill has become a law without the President's signature.

Gen Lorenzo Thomas resumed his duties to-day as Adjutant General, by request of the President, communicated through Gen Grant. Mr Stanton relieved him from this office in 1863, since when Gen. Townsend has acted as Adjutant General.

A destructive fire occurred on Market street last night. Loss $125,000. A number of persons were buried beneath a falling wall, the bodies of one white man and four negroes have thus far been recovered in a mangled condition. It is thought all will die. Probably nearly a dozen persons were crushed.

The Senate has confirmed the nomination of several hundred army officers for promotion, together with a large number of original appointments. M. A. Shaffenberg was confirmed as Marshal of Colorado. The nomination of Sherman to be General by brevet was referred to the Military committee. The President has directed Grant to issue an order creating a military division, to be called the Division of the Atlantic, to be composed of the Department of the Lakes, the Department of the East and the Department of Washington, to be commanded by Lieutenant-General Sherman, with headquarters at Washington until further orders from the President.

Grant is directed to select an officer for the permanent command of the Department of Missouri. In pursuance of the above order, Grant has directed General Sheridan, the senior officer of the Military Division of Missouri, to temporarily perform the duties of that Military Division, in addition to the duties of Department Commander.

Southern Conventions.

LITTLE ROCK, Feb 13.—A letter from Gen. Gillem was read in the Convention, asking a change of time for holding the election for State officers and the ratification of the Constitution. The Convention adopted a resolution increasing the pay of members to $10 per day, and appointing two assistant Secretaries.

RALEIGH, Feb 13.—The Convention adopted a part of the article apportioning Senatorial Districts. It divides the State in fifty districts, apportioning Senators exclusively on population, and abolishing property qualifications.

ATLANTA, Feb 13.—The Convention debated the tenth section of the report of the Franchise Committee, declaring all votes eligible. No vote was reached.

JACKSON, Feb 13.—The Convention adopted the report of the Committee on the Legislative Department. It provides that Senators shall be elected for four years, and Representatives for two years. A motion was made to telegraph to Gen. Grant, that Gen. Gillem refuses to collect taxes and request Grant to order him to do so. Adjourned without action.

NEW ORLEANS, Feb 13.—In the Convention, an effort was made to reconsider the resolution voting thirty per cent additional to the pay of members.

Judge Cooley spoke forcibly against an increase, representing the evil effect of such an action when the people came to vote on the ratification.

Rogan, the delegate who offered the resolution, made an insulting reply. A motion to reconsider was lost by a large majority.

A resolution was adopted, providing for a Board of Registrars, to consist of seven members of the Convention, whose duties are to commence immediately after adjournment, and shall have entire control of the elections, so far as they shall not conflict with the reconstruction laws.

RICHMOND, Feb 13.—The Convention discussed the oyster tax all day.

CHARLESTON, Feb 13.—The Convention adopted twenty sections of the new Constitution to-day. Fifty three in all have been adopted. The Convention has requested Gen Canby to abolish the District Courts.

TALLAHASSEE, Feb 13.—The Convention in secret session passed a resolution for the trial of the colored delegate who made an incendiary speech on the 8th inst. Little progress has been made upon the Constitution. Universal suffrage will probably be approved. There will be no proscriptions except for liability to the late war for the Union.

LOUISVILLE, Feb. 14.—Movements are being made to secure the holding of the National Democratic Convention in this city. The people offer to erect a suitable building for the Convention, pay all the expenses, procure additional hotel accommodations and throw open their houses to the guests.

NEW ORLEANS, Feb 14.—The Convention adopted a resolution asking the appointment of Gen. Mower in case of Hancock's removal, it was afterwards amended so as to read Sheridan instead of Mower.

The Constitution as revised has been sent to the printers. It will be ready for action on Monday.

A dispatch from Galveston says the Constitution is undoubtedly carried, the Conservatives voting against or abstaining from the polls.

TALLAHASSEE, Feb 14.—The excitement among the Delegates of the Convention is intense. There are serious apprehensions of a collision between the two factions and the military are protecting the capital. Twenty eight members were present at the Convention to-day. A Bill of Rights was adopted. It gives equal rights to all men, incorporating the provisions of the Constitution of Vermont and Missouri. All the Judges are made appointive, State officers are to be appointed by the Governor and confirmed by the Senate. The minority generally refuse to attend the meetings of the Convention.

RICHMOND, Feb. 15.—The committee reported in favor of the exemption of property to the value of $1,200 from seizure for debts contracted after the ratification of the Constitution. The oyster tax was discussed the remainder of the day.

The Alabama Constitution.

NEW YORK, Feb 14.—The *World's* special says that General Meade telegraphs that it is not certain whether the new Constitution of Alabama has been accepted or rejected. He says it is reported that no election was held in some counties. He is investigating the matter. If true, he will order a special election in those counties.

Constitutionality of the Legal Tender Act.

WASHINGTON, Feb 14.—Attorney General Stanbery, in the Supreme Court to-day, read a letter from the Secretary of the Treasury stating that the department has understood that the question of the Constitutionality of the Legal Tender Act has arisen during this term of Court, in several cases between private parties and as the Government had had no opportunity to present an argument in support of the law and as a very deep interest is felt in the subject by the Government and the country at large, the Secretary hoped the Attorney General would ask leave to present an argument in support of the law, before the case should be decided. The Attorney General said that owing to multifarious legal duties he feared he would be unable to prepare a proper argument during the present term, he therefore desired the Court not to deliver an opinion in these cases until the next term. The Court took the matter under advisement.

One of the cases alluded to involves purely a question of ordinary debt, whether a party has a right to discharge his obligations in legal tenders. Another case argued by Senators Johnson and Williams presents the question whether the debtor can pay taxes in legal tenders, the State of Oregon having declared that all taxes be paid in gold. In the third case, argued by Messrs Carlisle and Wills [illegible]

Miscellaneous.

The *Tribune's* special says that when the vote by the Reconstruction Committee was declared against the impeachment, Thaddeus Stevens said: "Sir, the Republican party has been killed to-day by the action of this Committee at the instance of General Grant and his friends. I have found that for the last two or three [illegible] the men who shout the loudest and throw up their hats the highest for General Grant have been making every exertion to demoralize Mr. Bingham and other members of this Committee, who were supposed to favor impeachment, that Grant has been using his influence everywhere to defeat the scheme, and that Andrew Johnson has to thank him that he remains undisturbed in the White House. I have been in public life forty years and though I do not pretend to any gift of prophecy I have seldom been mistaken in my predictions. I tell you Sir, to-day's cowardly action will cost us New York, Pennsylvania, Ohio and probably two or three other Northern States."

He is determined on this point that he prefers the alternative of resignation if ordered to accept by the President. He has asked his brothers to have the Military Committee refuse to sanction his appointment. This action of General Sherman creates much talk.

A *World's* special pretends to think that the President will soon remove Stanton, and appoint another member of the Cabinet *ad interim*, as though this course was the only peaceful and judicious solution of the difficulty. The same special talks about the insubordinate position of General Grant towards the President, as a cause for his immediate arrest and trial before a Court Martial.

In the House of Commons, this evening, Earl Mayo asked leave to bring in a bill to suspend the operation of the writ of habeas corpus for a short period from and after March 1st. He said Fenian leaders had shown their disregard for their oaths of allegiance to the Crown. He stated that out of 263 Fenians who had been arrested, 96 were Americans. He concluded by saying that although the government had succeeded in suppressing the rebels, still an extension of its powers was necessary to enable it to complete the work. OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, Feb. 14.—It was currently reported to-day that the Central Pacific Railroad Company have completed their negotiations for the purchase of the San Francisco and San Jose Railroad. The *Bulletin* says in connection with the reported purchase: "Rumor had it that the Central Pacific folks had virtually determined on this city as the terminus of the Pacific Railroad, intending to construct from Stockton to near Warm Springs, thence to Ravenswood and across the bay to San Francisco reaching the city front somewhere on the line of Townsend street, crossing Mission Bay and reaching the Pacific Mail steamship landing. We can ascertain no other basis for this rumor than the fact that negotiations are pending with parties interested in the Southern Pacific Railroad for the purchase of the San Jose road, on the reported basis of $2,500,000 as the price, from the commencement of the extension of thirty miles to Gilroy, which would interfere with the Pacific schemes, led to these negotiations, which have not yet reached a definite result."

Information has reached this city that all the iron and rolling stock of the Oregon Central Co. has been purchased at the East by the agents of the Company having the enterprise in hand, and is now on its way to its destination. What they Propose.

There never was a more popular measure than the proposed Fourteenth Amendment to the Constitution of the United States, which was ratified by such tremendous majorities in 1866. This amendment the Union party is laboring to establish and secure; the Democrats are striving with all their power to prevent that consummation. In Ohio, notwithstanding the people declared for the amendment by 50,000 majority in 1866, the present Democratic Legislature, chosen by a minority of the popular vote, lately attempted to rescind the act by which the amendment was ratified. But this outrageous proceeding has met with a very [illegible] rebuff, as Secretary Seward virtually informs those who have attempted to do by fraud what they never could do openly, that there is no law to authorize their action in trying to withdraw the consent of the State to the amendment. Ohio could be carried again for this measure by as large a majority as before, and there is not a Northern State in which the Democratic party could go before the people in opposition to the amendment with the smallest chance of success.

The hostility of the Democratic party in relation to the proposed amendment indicates how they would settle the country if they had the whole work in their hands. The amendment proposes to secure the national debt. Democrats oppose it. The amendment declares that no part of the rebel debt shall ever be assumed or paid. Democrats oppose it. The amendment excludes from Congress and from all official positions any person who was once sworn to support the Constitution and afterwards violated his oath by engaging in rebellion. Democrats oppose it. The amendment provides that no State shall have representation in Congress for any class of persons who may be denied political rights. Democrats oppose it. The amendment would secure to all persons the right to the protection of the laws in regard to life, liberty and property. Democrats oppose it. This brief review gives the basis on which they propose a settlement of our national difficulties.

They would not secure the national debt, because they want to leave a way open whereby they could repudiate it if it should suit their purposes to do so. They would not provide against paying the rebel debt, because they might want to reimburse their rebel friends for the loss of their slaves or property. They would not enact a measure to keep perjured traitors out of official positions, because it would just suit Democrats to have this class of men in power. They would not agree to any proposition to abridge representation in any State in proportion to the numbers who may be denied political rights, because they want to give Southern rebels as much political power, man for man, as loyal citizens of the North possess, and to allow those rebels besides, the right to [illegible] twenty-five to thirty members of Congress for those who are denied every privilege under the laws. They want Democratic rebels in the South to have twice as much political power as [illegible] in the North, and are laboring to secure [illegible]. This is the adjustment they propose; this is the sort of settlement they would bring [illegible]. No Northern State will ever give its sanction to such an unequal scheme.

[illegible] of Systematic Falsehood.—Beriah Brown, in the *Herald* of Sunday, says: "The [illegible] ability of the State has been employed for the past four or five days in preparing an elaborate review of an "after dinner speech" made by Judge Wyche on a recent festive occasion at Olympia, and the result appears in a ponderous [illegible] in the Oregonian of yesterday morning." The insinuation is that the article was written by Judge Deady. It has been a habit with Beriah Brown, for a year past, to attribute articles which have appeared editorially in this paper to Judge Deady's pen. None of these articles have been written, dictated or suggested, by Judge Deady. He writes, and has written nothing for the Oregonian except what appears over his own proper signature. This, Beriah Brown knows, as we learn that Judge Deady some time ago informed him that his surmises and insinuations to that effect were totally unfounded. The continuance of these insinuations is therefore nothing less than willful, determined, persistent lying. Articles in the Oregonian which expose Beriah Brown's ignorance, which demolish his sophistry, and which he is unable to answer, he [illegible] by attributing to the "highest ability in the State." As all the articles which appear editorially in this paper are written by the editor alone, without assistance or dictation from any quarter, this remark would be a flattering tribute if it came from a source which would entitle it to consideration. But we cannot [illegible] that Beriah Brown is a judge of the ability of others, since he has none himself. Therefore we are not at all "puffed up" by the remark. We presume no other individual would attribute any performance of ours to the pen of so able a person as Judge Deady. We have hitherto declined to notice these numerous insinuations, because we deemed them ridiculous; but as Judge Deady is publicly charged with writing an article which appeared in the Oregonian criticising some remarks recently made by Judge Wyche, we have deemed it proper to publish this paragraph.

They have a "Legislature" at Corvallis. A bill has been introduced by "the gentleman from Coos" for the protection of young men, of tender age, and to prevent them from being inveigled into matrimony, by designing females, through the wiles of false hair, false teeth, paint, cotton pads, [illegible] pillows, and the like, with suitable penalties. Referred to the Committee on Judiciary.

A Grant Club was organized at Corvallis on the 7th. The following is the list of officers: President, B. W. Wilson; Vice Presidents, B. R. Biddle, F. A. Chenoweth, A. Purdy; Recording Secretary, J. W. Rayburn; Corresponding Secretary, T. B. Odneal.

Says the *Record*: Mr. Williamson who has been to Eugene lately reports having seen much dead stock above Corvallis. The snow has been much deeper in that section, than below Corvallis.

Elegant Extracts which have a Bearing on a Present Matter.

Judge Wyche is complimented by the *Herald*. That paper glories in his conversion to Democracy. It becomes his apologist and defender. It can attribute only to a "Christian and patriotic motive" his demand in behalf of "the South" that "the bayonet shall be taken from the throat and the heel from the neck of that people,"—which being interpreted means that the rebels shall be permitted to rule that country and oppress all loyal men, white and black. But last April Judge Wyche talked differently, and his present encomiast held toward him far other language. We beg to call the reader's attention to the following very flattering remarks about Judge Wyche which appeared in a leading editorial in the *Herald* on the 20th of April, 1867:

We had the satisfaction of listening to the speeches of the Radical candidates for Delegate before the Vancouver Convention on Wednesday evening. The most disgusting and humiliating exhibition made by any of the speakers was that by Judge Wyche. He commenced by stating in an apologetical style that he was a native of Mississippi, that his home had been desolated, his kindred slain or beggared, and that soon after the close of the war he had sympathized with their sufferings and was favorably impressed with the policy of Mr Johnson, but since the disagreement of the latter with the Radical party in Congress he had turned his back upon him. *He thought the people of the South had not yet been sufficiently humiliated or degraded; that they had not shown sufficient repentance, and ought therefore to undergo further punishment.* All this was uttered in a whining canting tone, more that of a mendicant soliciting alms than that of an American citizen presenting himself to his fellow citizens for an honorable position. We can imagine no more despicable character on earth than the Southern man who offers to degrade and oppress his own kinsmen for party favors from their life long enemies. Benedict Arnold was a gentleman of honor compared with such a creature. It is characteristic of the Radical party that a representative of a class known in the South as "mean whites," lacked but a few votes of receiving the nomination.

Such was the opinion which Judge Wyche's present eulogist expressed of him last April. The Judge is probably in a mood to pray that he may be saved from such friends and adulators.

Springfield, Lane county, has a Union Club. Following are the names of the officers: Elwin Powers, President; John Kelly, Vice President; A. G. Hovey, Secretary, and A. S. Powers, Treasurer.

BELLE BOYD IN COURT.

[From the New York *World*, Jan. 18th.]

Another chapter in the eventful history of Belle Boyd, "Stonewall" Jackson's favorite scout in the Shenandoah Valley during the campaign in Virginia, closed yesterday, when Judge Cardozo, at Supreme Court Chambers, rendered a decision dissolving the bonds of matrimony between the "Belle of the Valley" and Samuel W. Harding. At the close of her career, which rendered her name historic in connection with some of the events of the late rebellion, Belle went to England and made her debut as an actress at one of the London theatres. While in the exercise of her new vocation she became acquainted with a man named Samuel W. Harding, and subsequently, on the 25th of August, 1864, was married to him in that city at St. James' church Piccadilly. She continued to perform in public for some time, her name, memorable in consequence of her daring and romantic achievements on behalf of the "lost cause," proving a sufficient attraction to the English people, so many of whom sympathized with the Southern people in their struggle. Harding, her husband, who had also acquired some notoriety as an author and an actor, was formerly an officer in the United States naval service. A short time since Belle returned to America with her husband and performed in various theatres throughout the country, and only a few evenings since made her bow to a New York audience at the French theatre. In December last, in consequence of certain proofs of infidelity on behalf of her liege, she commenced an action for divorce *a vinculo matrimonii* against him. The suit was instituted in the Supreme Court by the service of summons and complaint upon her husband personally, and services admitted in his own handwriting. The case was referred to Grats Nathan, to take testimony and determine the issues, and report with his opinion thereon to the court. Proof was taken of the marriage, and it was conclusively shown that the defendant was guilty as charged in the complaint, the offence having been committed with one Fannie Sinclair, a courtezan, at a house in Crosby street. The defendant did not appear upon the reference, as he is at present in California, but his father was present and superintended his son's interests, no defence being offered, however. An autograph letter of the defendant, written to "My Dear Colonel," a friend of Harding's, giving the real and fictitious names of "his damsel," Fannie, and stating that she "had a card of his (Harding's) sticking in her glass," was also produced for the plaintiff in evidence.

The referee reported in favor of the plaintiff in all the issues, and the court confirmed the report yesterday. Belle asks no alimony from her former husband, and was apparently anxious only to get rid of him. She stated explicitly on the reference that she wished to resume her maiden name, Belle Boyd.

AN AFFAIR OF HONOR.

[From the New York Tribune.]

Yesterday morning an affair of honor—now a days so rare an occurrence, especially in our northern latitude, with the weather cold enough to freeze the hot blood—came off in the neighborhood of Paterson, N. J. The participants in the duel were gentlemen of this city—one a Mr. C. X. Pemberton, an importing merchant, the other a Mr. Deblieux, a Wall street bank clerk. The duel ended with a single exchange of shots, Mr. Pemberton's ball striking a tree close by, while that of Mr. Deblieux, being better aimed, struck his antagonist in the forehead, inflicting a severe wound. The quarrel, it is told, originated in this way. A short time since the parties concerned attended a ball at Irving Hall. Mr. Pemberton accompanied a sister of Mr Deblieux. During the course of the evening the latter learned that his sister had been insulted by his friend, and he at once sought out Mr Pemberton and charged him with the offence; a quarrel ensued between them, but they were soon separated by the ball committee, and there for the time the matter ended. On the following morning, however, Deblieux wrote to Pemberton demanding an apology. This the latter declined to give, whereupon Mr. Deblieux, who is a Southerner, by the by, sent a friend to Pemberton challenging him to fight him, or in case of refusal to prepare for consequences which must result at their first meeting.

Pemberton, even at this crisis, it is said, not having the faintest idea that the threat would be carried out, still consented to meet his antagonist and put his share of the matter into the hands of a few confidential friends who were inclined to look upon the thing as a good joke. Nevertheless the usual preliminaries were regularly gone through, and the spot selected for the encounter.

On Wednesday evening the duelists, accompanied by their confidential friends, left the city for Paterson, where they stopped all night, keeping their plot against each other's peace from the public ear. Yesterday morning, after breakfast, the party proceeded in carriages to Goodwinsville, near Paterson, and retired to a secluded spot of this secluded place to carry out their deadly purpose.

Then and then only, it appears, did the thing begin to look truly serious to the friends, who had been good naturedly waiting for a hand shaking, which would settle the matter. They tried to settle the difficulty, Pemberton being willing, but Deblieux was inexorable in his demand for blood, remarking that if Pemberton attempted to leave the ground before he had given him satisfaction he would shoot him then and there. As it was now evident that this gentleman meant all he said, the final preparations were made, the friends of both parties exacting a promise that single shots only would be exchanged, whatever the result. In conceding to this proposal, Deblieux remarked, "One shot will do me, I only ask but one," and as he said so, he looked perfectly cool and unconcerned. Pemberton, on the contrary, evidently disliked the affair, and took his position with evident embarrassment of manner, and with a tremulous hand. The words one, two, three being given, with the utterance of the last came the report of either pistol simultaneously. Deblieux stood unhurt, Pemberton's ball having passed to his left lodging in a tree close by, but he had succeeded in making good his word, for his antagonist was found to have received a dangerous gash in the side of the head and a slight fracture of the skull, the ball escaping the brain only by half its own diameter.

Pemberton's wound was hurriedly dressed and the entire party returned to Paterson as quickly as they had left it, and thence took return cars for the city, where they duly arrived and separated mutually "satisfied," no doubt. It is to be hoped Mr Pemberton's wound has seen its worst. His friends think so. Hence it may be inferred that the whole story of this latest affair of honor is now told.

WISCONSIN FOR GRANT.

[From the Chicago Tribune Jan. 20.]

A very large Grant meeting was held at Madison on the 15th. The resolutions adopted are in substance as follows: 1st. That the approaching Presidential election will determine whether the Government of the United States shall be administered by the party which was true to its flag throughout the late struggle with the rebellion, and in whose ranks no traitor was found, or by the one which furnished the rebels who fought to divide and destroy the nation; which, throughout the war, was the fierce opponent of every measure calculated to thwart and defeat the rebellion, which, since the war, has sought to prevent any re-establishment of civil government in the district that rebellion, except such as will give to those who are fresh from acts of treason and rebellion power to rule over the Union men of those districts, and to visit upon them proscription, insult, outrage and oppression, because they have been constant in their allegiance to the country and its flag.

2d. That we are inflexibly opposed to every scheme of reconstruction which proposes universal amnesty and enfranchisement for rebels while it leaves any portion of the Union men of the South disfranchised and at the mercy of a class led and controlled by those who incited and directed the late rebellion.

3d. That we are most emphatically in favor of the nomination of General Grant as the candidate of the National Republican Union party for President of the United States; that we believe his views are in full accord with those of the party upon political questions; that we regard him not only as the most available candidate, but as peculiarly fitted to discharge the duties of President in the present condition of the country, bringing, as he would, to that position, a clear and practical mind to see and comprehend, animated only by a desire to promote the general welfare, above the vulgar ambition of seeking to promulgate a policy and to enforce it upon other departments of the government, and intent solely upon the prompt and faithful execution of the laws, and the introduction of a system of rigid retrenchment and economy in the several branches of the public service; and that with General Grant in the Presidential chair, the rights of American citizens, whether at home or in foreign lands, would be respected and secured.

SUICIDE OF A BOY, ELEVEN YEARS OLD.

[From the New York Herald, Jan. 17.]

Yesterday morning shortly before eleven o'clock Jacob Bullach, a boy only eleven years old, committed suicide by hanging himself by means of his comforter, at his mother's residence, No. 411 West Twenty fifth street, between Eighth and Ninth avenues. From inquiries made it appears that the deceased was devotedly attached to an older brother named Lawrence Bullach, and the latter was lately committed by Justice Dodge to the Island as a confirmed drunkard, his mother, a widow, having requested the Judge to adopt this plan for his reformation. The little boy has been plunged into the deepest despondency since his brother was sent to prison, and has repeatedly implored his mother to go to the Police Court and try and get him released again. Thinking, however, that it would be better for the young man to be kept in a place where he could not gain access to liquor, Mrs. Bullach has persistently refused to get Lawrence discharged. Yesterday morning Jacob made a last appeal to his mother, but she turned a deaf ear to his entreaties and went out to market, leaving him crying bitterly. On her return home she found some difficulty in opening the door, and when she at last succeeded in doing so she discovered to her horror her little boy hanging by his comforter from one of the pegs behind the door, quite dead.

The Cheyenne *Leader*, having asserted that Cheyenne, a city of seven thousand inhabitants, was probably the only city in the world free from rats, the Salt Lake *News* replies that Salt Lake City is twice as large as Cheyenne, and twenty times as old, yet there are no rats there either. These are curious facts. Cheyenne, however, has still the advantage of Salt Lake since it is not only free from rats, but free from Mormons.

DATES TO FEBRUARY 15.

LAST NIGHT'S DISPATCHES

Congressional

Washington, Feb. 15.—The consideration of the Kentucky contested case was resumed, and the debate participated in by Coburn, Trimble, Blair, [illegible] Dawes and others, the remaining resolutions reported by the Committee on Elections were adopted declaring Smith is entitled to a seat, and directing the Governor of Kentucky to be notified that a vacancy exists in the Second Congressional District.

The Speaker laid before the House the Grant and Hancock correspondence.

The House went into Committee of the Whole on the Diplomatic Appropriation Bill, [illegible] provide for the Minister to Greece, adjourned.

Correspondence between Grant and Hancock

Washington, Feb. 15.—The Speaker laid before the House to-day a copy of the correspondence between General Grant and General Hancock relative to the removal of the City Council of New Orleans. Under date of February seventh General Hancock telegraphed to General Grant that he had removed nine members of the City Council—two white and seven colored, for contempt of orders of the military commander [illegible] election for Recorder for the Second District, which was an election [illegible] by the people [illegible] by the Council. General Hancock appeals to that portion of the [illegible] which allows the District Commanders to suspend or remove persons from office and which provides from time to time for the performance of the duties of persons removed by appointment, in justification of his conduct.

Under date of Feb. 8th, Grant telegraphed Hancock to suspend the order until a full account of his reasons is received.

General Hancock replies under date of February 9th, requesting Grant to reconsider his action and asking that his order in the premises be not suspended or withdrawn till Grant shall have a full report of the reasons for Hancock's action by mail. He then proceeds to vindicate his conduct in a lengthy argument.

Grant replies that if Hancock's order removing the City Council has been executed and the new appointees are in, he need not suspend his former order as directed.

Hancock replies, dated Feb. 11th, that the change in the City Council was an established fact when Grant's dispatch was received.

During the correspondence Hancock asked to be relieved in case Grant persists in disapproving his order.

West Indies.

Havana, Feb. 15.—Advices from Hayti say that the revolution in the southern part of the island has become general.

Gen. Salomon, at present Minister to European Courts, is proclaimed President in the place of Salnave. All the principal towns are in arms against the Government and authority of Salnave.

BY ATLANTIC CABLE.

London, Feb. 15.—Earl Derby has been very ill, but the rumor which was prevalent this morning that he died during the night previous is unfounded. Sir G. Shea, one of the members of the Court of Queen's Bench has also been very ill. Both are recovering.

Florence, Feb. 15.—The state dinner to Admiral Farragut was a grand affair. Sella, former Minister of Finance, toasted the Admiral and in his remarks said that on iron hearts, not ironclads, he based his fame. The Admiral in acknowledging the compliment spoke of his love for Italy and his confidence in her noble progress.

Geo. P. Marsh, representative of the United States in Italy, on behalf of his country thanked Sella for his hopes of an eternal alliance. Gepies, formerly Secretary of Marine Affairs, said such an alliance with America, a country found by Columbus, baptized by Vespucius and celebrated by Botta, was entirely natural.

London, Feb. 15.—Later advices do not confirm the Abyssinian intelligence sent last evening. A dispatch to-day states that no movements of the Egyptian corps have occurred. Much of the news from Abyssinia is to be received with caution.

Lisbon, Feb. 15.—The steamer from Rio Janeiro arrived to-day. She brings the following intelligence: Beyond the usual skirmishing there has been no fight between the hostile armies on the Parana. Cholera was still raging with unabated fury at Buenos Ayres. There was also much sickness in both armies. A revolt which broke out in one of the provinces of the Argentine Republic had been successful, and the ruling Government had been overthrown. The Spanish Government is looked to for a general peace from the internal dissensions now prevailing in Peru.

First National Bank of Idaho—Boise City, I. T.—Organized March 11th, 1867, (with circulation) under Act of Congress approved June 3d, 1864. Authorized capital $500,000. Paid up capital $100,000. B. M. DuRell, President. C. W. Moore, Cashier. Collections of Notes and Accounts on the principal places of Idaho Territory promptly attended to. Exchange for Coin or Currency on this Bank can be purchased of Ladd & Tilton, Portland, Oregon.

CHAS. DICKENS' READINGS are creating quite a sensation in the Atlantic States, the proceeds of which are so enormously large that that popular author refused the sum of Twenty five Thousand Dollars to come to San Francisco—and yet the people of Oregon continue to buy their clothing and dry goods at the best and cheapest house in the State, which, of course, is at KOHN & FISHEL'S.

ANNUAL INCOME OVER	6,000,000 00

THE MUTUAL DOES A CASH BUSINESS ONLY AND HAS NO NOTES!

What a Note Company says:

"We recommend the CASH plan as the best mode of Insurance. *None will deny this after a few years' experience of the note plan.*" The Charter Oak Life Insurance Co. (a Note Company.)

EXPERIENCE has taught business men that CREDITS must be paid for.

IN CASH COMPANIES The first payment is the largest; every successive year reduces the premium or increases the policy at the option of the insured. Besides this, the Mutual pays [illegible] that in 15 years their *payments cease*, but DIVIDENDS continue for life.

IN NOTE COMPANIES—The first payment is the smallest. *Interest on Notes* swallow Dividends and increase the future *payments*.

OBSERVE: Notes must be paid for by higher rates and increased interest.

DIVIDENDS: The Mutual declares Dividends the first and every successive year from the date of a policy. In Note insurance [illegible]. N. B. The public should ascertain from their Insurance Companies if Dividends are declared annually from the start, or usually 4 YEARS AFTER insurance.

RATES in The Mutual are lower than in any other Company doing business on the Pacific Coast—*and are considerably lower than in any Note Company.*

EVERY ADVANTAGE is offered by The Mutual—(excepting notes)—that other Insurance Companies can offer.

THE MUTUAL

THE NORTHERN MAILS.—The first paper mails for more than a month, from Puget Sound and Victoria, were received per steamer *Rescue*, Saturday evening. We have Victoria papers all the way from Jan. 3d to Feb. 5th, and Olympia papers to Feb. 8th. We find in them but few items of interest. The Olympia *Transcript* of the 8th, says: "There is an unusual amount of sickness prevalent in this place and vicinity, particularly among children, just now, more so than has ever been before. Colds, influenza, and like disorders, are the most common complaints.....On Saturday evening last, the body of a man was found drowned about forty feet from the end of William's wharf. A coroner's inquest was held on the body, when it was found that his name was Michael Loftus, and was one of three men who came across the country during the flood, about six weeks since......The *Daily Tribune* of the 7th says: "The son of Dr. Owen Roland, aged some 15 or 16 years, was drowned in Chehalis Bay on Thursday morning last."......The Port Townsend *Message* of the 9th, says: On Saturday morning smoke was seen to issue from Mt. Baker. Baker is a little late in the day, stirring up his fire to join his brothers in the general chimney cleaning; but there's nothing like following the fashion, if one is a few months behind."......The Victoria *Colonist* of the 5th, says: "U. S. Collector of Customs Wilson, who has lain very ill at Port Townsend for some time, is rallying and, it is now hoped, will recover......One of the sailors belonging to the U. S. R. C. Lincoln walked off the wharf at Port Townsend on Thursday night last, and was drowned.

VANCOUVER ITEMS.—From the *Register* of Saturday, we clip the following items: Washington Lodge, No. 25, I. O. G. T. was organized in this city on Thursday evening, the 6th inst. Mr. H. Leonard was chosen Worthy Chief Templar, and Miss Margarette Sauer, Worthy Vice Templar......The Vancouver Dramatic Club made its debut to a very good house, at Metropolis Hall, on Saturday evening, the 8th inst. The pieces cast were "Toodles" and the pantomime of the "Magic Box." * * The performance was very creditable to the Club, excelling in merit nine tenths of the itinerant companies who with pretentious placards visit us but too frequently......Mr. Louis Meyers, of this place, had his feet severely frozen on Saturday last, while on his way from Monticello to Vancouver, on foot. Upon reaching Martin's Bluff, he had his feet rubbed vigorously with snow which reduced the frozen limbs to their normal condition, but were excruciatingly painful. A telegram announcing his condition was received in town on Sunday when Mr. Robert Moore, supplied with the necessary medicines, left immediately in a sleigh, returning on Monday evening with the sufferer. The fears that were at first entertained that Mr. Meyers would lose his feet have been happily dispelled.

OREGON CITY ITEMS.—The subjoined items are from the *Enterprise* of Saturday: Judge J. D. Locey, we regret to say, is lying dangerously ill at the residence of his brother in Canemah......One night last week Mr. L. D. C. Latourette, of this county, lost eight or ten sheep, killed by a panther......One week from to-day Quarterly meeting services will commence, at the M. E. Church, conducted by Rev. J. F. De Vore......The Lumbering Company at Canemah commenced operations again on Monday of this week, after fitting up, and are now running regularly.....The lecture of Mr. Mason, on Tuesday evening, was attentively listened to, and proved a credit to its author. We bespeak a full house for Rev. Mr. Elliott, on Tuesday evening next......The remains of Mr. Welch, murdered by highwaymen, on the route from [illegible] to Boise City lately, reached his friends in this county a few days since. This is a fearful blow to his aged mother, who recently lost her husband and daughter by drowning......The Highland Base Ball Club of this city, met on the 12th, as we are informed by a note from Mr. T. J. Spooner, Secretary, and elected M[illegible] J. H. [illegible] and Charles Warren, delegates to attend the Base Ball Convention at Portland, on the 21st inst.

CIRCUIT COURT—UPTON, JUDGE.—The following are the proceedings of Saturday, the 15th: The State vs. John Williams; defendant pleaded not guilty; trial next week.

The State vs. Fox, Holt and Brooksbank; pleaded not guilty; trial next week.

Thomas Cully vs. Thomas Shields; decree enjoining and restraining defendant from treading down grass, injuring fences, etc., on lands of plaintiff. Judgment for cost against defendant.

The State vs. W. R. Hill; forfeiture of recognizance; Jas. Twilliger and Thomas McCully sureties, in the sum of $800.

The State vs. Mary Philoman; forfeiture of recognizance; Richard Sortor, surety, in the sum of $50.

Grand Jury presented one indictment.

DOWN THE RIVER.—The *Okanagan* arrived from Astoria at half past seven o'clock last evening. Capt. Strang reports that on Saturday a strong gale of wind was blowing and this was partly the cause of the boat's detention. The *Ranger* started in advance of the *Okanagan*, with the greater number of the *Oriflamme's* passengers. When the *Okanagan* arrived, yesterday, at Cathlamet Bay, the *Ranger* was found high and dry on one of the grass islands, where it is supposed she ran or was blown at high tide during Saturday night. The *Okanagan* brought up only three or four of the steamer's passengers. She towed the *Occident* to West's Mills, and the *Crosby* to this city. The river still has much running ice below Kalama; none above. The *Brewster* went to sea on Saturday, the 15th.

PASSENGERS FOR PORTLAND.—The following is a list of the passengers for Portland, per steamship *Ajax*: W K Leveridge, A Taylor and family, Mrs J A Ripperton, H M Hutchinson, Maj R N Scott, U S A, C Green and wife, J D Waldo, A H Thresher, P J Martin, J M Herrick, W L Long, C Newell, Mrs I N Gilbert, J R Robbins and wife, A J Hubler, B O Severance, R R Thompson, J M Cook, Jas Kelley, John Kidd, E D Taylor, J M Churchill, W H Hendrickson, J Littlejohn, Caleb Ryan, M M Darst, S Dixon, wife and six children, Mrs Barr and five children, S S Smith, wife and three children, B Mansfield, J P Cannon, Mrs L Scott, Mrs A Lyons and daughter, A J Culp and wife, and 53 in the steerage.

A RACE.—Yesterday, Mr. Arrigoni, upon returning from a ride, delivered his team to the charge of an employe of the hotel, with directions to drive it to the stable. The latter got into the carriage, gathered up the reins and hit the horses a cut with the whip. Not being used to this kind of thing, the horses concluded to leave, and accordingly started down the street, making first rate speed on the first quarter. The race soon ended, however, in a smash up, damaging the institution to the probable amount of $100. The driver escaped unhurt.

OPPOSITION STEAMSHIPS.—The *Enterprise*, speaking of the late rumors concerning an opposition line of steamers between Portland and San Francisco, says: "We have known of movements being made for a long time, looking to the placement of a new opposition line of steamers on the Oregon route. There were live rumors of this in San Francisco in December. We have a private letter written in New York last October, informing us that one propeller—U. S. transport—had been purchased, and three others soon would be, for this purpose."

THE WHITE HOUSE.—Mr. W. O. Barnes, who has been for a long time connected with the Western Hotel, informs us that he and Capt. Cushing have leased the White House, and will take possession in the course of a couple of weeks. The place is to be thoroughly overhauled, refitted and refurnished, and to be thenceforward kept in tip-top style. Both gentlemen have had experience in that line, and there can be no reasonable doubt of their success.

MILWAUKIE ITEMS.—The Oregon City *Enterprise* learns from Milwaukie that Hon. W. C. Johnson will deliver a temperance lecture at that place about the 20th; that a new lodge of Templars is to be instituted at Rock Creek; that the people of Milwaukie would organize a Grant Club on the evening of the 13th. Judge Smith and others were expected to be present, and address the meeting.

U. S. CIRCUIT COURT—DEADY, JUSTICE.—Proceedings of Saturday, February 15th: James Fields vs. Ida Squires; suit to quiet title and for specific performance of covenant. Demurrer to the complaint overruled. Chapman for complainant and Page & Hill for defendant. N. Nathan, admitted to citizenship.

INSANE.—On Saturday an insane man named Looney was brought down on the Oregon City steamer, in charge of Mr. J. W. Brandenberg, Deputy Sheriff of Linn county, and Mr. O. Hardwick. The unfortunate man was taken across the river and placed in the Insane Asylum.

PRODUCE.—The steamer *Alert* on Saturday, brought down from Oregon City, 2,241 qr. sks flour, 300 bags wheat, 300 boxes apples, 10 bales woolen goods, 5 coops chickens, 2 bales furs, 8 dressed hogs, 2 boxes butter, 3 sks oats.

THE STEAMER.—At the hour of going to press, nothing had been heard of the steamship *Ajax*, now due.

"COME TO TOWN."—The *Okanagan* brought up a lot of fresh oysters, last evening, and everything is lovely again. The Gem and the Pony announce the fact in the advertising columns, this morning.

DR. C. W. COOL,
DENTIST.

THOSE WHO DESIRE FIRST CLASS DENTAL SERVICES might do well to give him a call. He is making a NEW AND IMPROVED VULCANITE PLATE. The nature of his improvement consists in lining the entire concave surface with tin foil, it makes the plate twice as strong and one third times thinner than the common vulcanite plate. It also prevents the acids of the mouth from roughing the plate, and from turning it black, which is a common occurrence. One half of the common vulcanite plates turn black after being in use a short time, particularly where tobacco is used for smoking. This new style of plate admits of a very fine finish on the concave or palate surface. His office is the only place where such work can be had. The improvement is his own invention, for which he has received, December 3d, 1867, a patent from the United States Patent Office. He has been making this style of work for the last two and a half years, and has specimens of the work which can be seen at his office. This work has given satisfaction in every case.

H. W. SHIPLEY'S
PACIFIC
TURBINE WATER WHEEL!

Fig. 1,

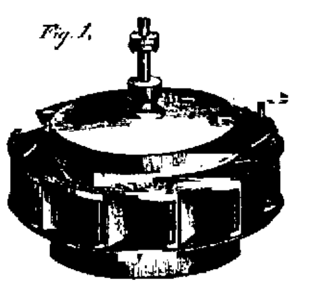

Fig. 2,

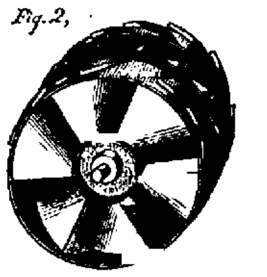

THIS NEW WHEEL, OF WHICH THE ABOVE cut is an illustration, has

FOUR SETS OF BUCKETS,
USES THREE-FOURTHS OF THE WATER TWICE,

Giving at least Twenty per cent. more Power than any other Wheel ever invented.

Figure 1 is an axial section of case with wheel inclosed, and illustrates the arrangements for applying the water through a series of openings in the periphery of the case, direct upon the wheel by fixed guides. Pivoted gates extend inward toward the opening, which are between their inner ends, and when open, fit closely against the guides, thus offering no obstruction to the inward flow of water. The gates are opened and closed by a hand and ratchet wheel, upon which operates a rack segment, on a ring which extends entirely around the top of the case, partially revolving the ring from different points. The revolving of the ring opens or closes the gates by means of connecting rods.

Figure 2, a perspective view, shows the three sets of periphery and the radial set of buckets. The peculiar construction is such that it uses three-fourths of the water twice—something never before achieved in any water wheel. The buckets are very shallow, and confine the water to the outer diameter of the wheel. After the water exerts all the power that can be obtained on three sets of well arranged periphery buckets, it passes to, and is again used upon, the radial set, giving an additional power and producing an increased velocity and steadiness of motion, truly wonderful.

Aware that the new principles of this invention may not be readily comprehended, the Inventor has only to say that seeing the wheel work is the most certain way of removing skepticism. He will warrant every wheel to perform all that he claims for it. By its use, many of the now abandoned water powers may be again made the means of adding to the employment and wealth of the country.

Manufacture of the Wheel.

The Inventor has made arrangement with the WILLAMETTE IRON WORKS, Portland, for the manufacture of these Wheels.

All orders addressed to either
WILLAMETTE IRON WORKS,
Or H. W. SHIPLEY,
Will receive prompt attention.

☞ Send for Illustrated Descriptive Circulars, and Price Lists.

MR. H. W. SHIPLEY—*Sir*: In reply to your inquiry as to how I like you Pacific Turbine Wheel, I have to say that I have used one over-shot and three Leffel wheels—10, 13 and 15 inch diameters. When I substituted your 15-inch wheel for the 13-inch Leffell wheel, though unfinished, it worked the machinery like a top, using 52 ft of water per minute more than the 13 inch Leffell. At your request I subsequently took your wheel out that it might be finished, and then I put in a 15 inch Leffel; but it gave no better power than yours while it used 52 cubic feet more water, per minute. After some months, I replaced your wheel and am still using it with the most satisfactory results. I have subjected it to some severe tests. For instance: while running the circular saw in a log which squared 15 inches, I added the planer with a 9-inch knife, cutting from one-eighth to one-fourth of an inch depth, without in the least slacking the speed. After thorough tests of both wheels, I am satisfied that your wheel with gates one-eighth of an inch open gives as much power as the Leffell with gates one-third open. At half gate, your wheel gives double the power of the Leffel at half gate. At full gate, the power of yours exceeds that of the Leffel, by from ten to twelve per cent. At quarter gate, the Leffel holds no comparison with yours at quarter gate.

N. B. Mr. Shipley was not present at either of the trials of his wheel, he being sick at the first, and absent from the State, at the second trial.

MARTIN LUTHER once thought he saw the devil in his chamber, and threw an inkstand at his head. Had they had in those days AYER'S PILLS to exorcise all the devils that come from a disordered stomach, his laughable fright would not have to come a matter of history.

DR. HOSTETTER'S STOMACH BITTERS should be in the possession of everybody in the mining region. As a preventive of various dangerous diseases to which the gold seeker is liable, it has no superior. While it is quite palatable even as a beverage, it is speedy and powerful in its effects upon those ills. In all cases of diarrhea, dysentery and the prevailing fevers consequent upon exposure the Bitters will be found invaluable as a corrective. No man should enter upon the exposed camp life of a miner without being provided with Hostetter's preventive of such diseases, nor should any of those who are now engaged in the occupation, fail to have recourse to the Bitters. Sold by all druggists and dealers everywhere.

PERRY DAVIS' VEGETABLE PAIN KILLER.

THE UNIVERSAL REMEDY FOR INTERNAL AND EXTERNAL COMPLAINTS.

At this period there are but few of the human race unacquainted with the merits of the Pain Killer, but while some extol it as a liniment, they know but little of its power in easing pain when taken internally, while others use it internally with great success, but are equally ignorant of its healing virtues when applied externally. We therefore wish to say to all that it is equally successful whether used internally or externally, and it stands alone, unrivalled by all the great catalogue of Family Medicines, and its sale is universal and immense. The demand for it from India and other foreign countries is equal to the demand at home, and it has become known in these far off places by its merits.

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.

HOSTETTER'S
CELEBRATED STOMACH BITTERS!
A Pure and Powerful Tonic,
Corrective and Alterative, of wonderful efficacy in Diseases of the
STOMACH, LIVER AND BOWELS.
PROTECTIVE PROPERTIES.
Prevents Fever and Ague and Billious Remittent Fevers;
Fortifies the System against Miasma and the evil effects of unwholesome water; invigorates the organs of digestion and the bowels;
Steadies the Nerves and tends to Prolong Life.
REMEDIAL PROPERTIES.
Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or
PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL, and restorative in its nature, enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind; no deadly botanical element; no fiery excitant; but is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants.

The weak stomach is rapidly invigorated, and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits, and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes.

As a Genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and Debility and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

How many thousands of persons both male and female are there who are suffering from a [illegible] to the system Look at the pallid emaciated [illegible] faces and their [illegible] slow [illegible] [illegible] the happiness of marriage or the enjoyment of life In this condition [illegible] the parents, guardians friends attend to it [illegible] these [illegible] that they are [illegible] cured before it be too late Send them immediately to Doctor Gibbon a physician who has made private diseases his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans

HIRAM SMITH'S

Ophthalmic Panacea!

IN BRINGING THE ABOVE NAMED NEW REMEDY to the notice of the Public the proprietor begs to state a few facts in relation to it as follows

It originated in Prussia where the science of Medicine is as thoroughly taught and practised but owing to the poverty of its discoverer its wonderful properties were not known beyond the limited circle of his acquaintance in which however it proved itself absolutely infallible in eradicating disease from the eyes

He immigrated to this country bringing his discovery with him but seemed to have been indifferent to the propriety of giving it general and widespread circulation and as previously his native country [illegible] desirous of using it among his friends and neighbors

The present proprietor was one of those neighbors, and for many years was a witness to its wonderful efficacy and after ineffectual efforts to persuade the inventor to more widely disseminate the knowledge of its virtues finally became himself the possessor of the secret of its preparation

And now while he does not deny that he hopes and expects to make money by its sale he must yet lay claim to a desire to benefit his fellows by presenting to them a remedy *which does and will cure where medical science* and all experience have failed

He wishes it to be understood that it will cure *all diseases* of the eye whether recent or long standing; but its greatest power is exhibited when it is applied to old *Chronic Cases* of long standing which have resisted every other attempt to cure them and which have been given up as hopeless and past being cured or relieved

He asks those afflicted in this way to give it a trial and so confident is he of its success that he instructs all his agents TO REFUND THE MONEY IF IT FAILS TO CURE

It has within the past year cured cases of GRANULATED LIDS INFLAMMATION &c of FIVE SIX NINE FIFTEEN and SEVENTEEN YEARS STANDING evidence of which fact is furnished in the testimony of the following persons living at and in the neighborhood of Harrisburg Linn county

ALEXANDER [illegible] WALKER was cured of inflamed eyes of nine years standing Had been treated by eminent physicians during all that time without effect

Mrs MONTGOMERY of Harrisburg had inflamed eyes for over two years For one year they were so bad that she could not work Was finally completely cured by the Ophthalmic Panacea

F R MOORE of the firm of Moore Garst & Baker of Harrisburg had granulated lids for six years

NATHANIEL BELL of Clackamas county had inflamed eyes and lids for over fifteen years

ROBERT RAMSEY and W D PORTER of Harrisburg JOHN M HOLLOWAY of Linn County G R WARD of Lane County were all afflicted [illegible] years were [illegible] severely with diseased eyes and were cured by the Ophthalmic Panacea

All the above named persons have given their certificates to the facts as above stated which may be seen at the proprietor's office in Harrisburg

DR. J. C. YOUNG,

Medical and Surgical INSTITUTE.

⁂ *CONSULTATION IN ALL CASES, FREE*

⁂ *CURES GUARANTEED, OR NO PAY REQUIRED*

⁂ *IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED.*

The above rules, established by Dr. J. C. Young in 1850, and which have done so much to secure the reputation of this Institute, are still adhered to, affording those in need of medical aid, the certainty of cure and the utmost confidence.

There is nothing of so great importance to the sick as to know where to find a physician whose skill and humanity give assurance of proper and delicate treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble to the invariable success that has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this connection to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge,

SEMINAL WEAKNESS,

That is sapping with its insidiousness the very life of its victims; in the treatment and cure of which the Institute has earned so enviable a reputation.

READ! READ!

I am aware that by dwelling upon so uninviting a subject as the decay of manly vigor through the loss of the vital principle of life the ignorant may asperse my motive but the desire to point out to those who suffer languish and decay the true cause of their affliction is too great an incentive to be forced into abeyance How extended the terrible disease of Seminal Weakness is none but the practical specialist who devotes his time to its treatment can tell but its presence can be detected by the most inexperienced by noting the following symptoms Weakness of the back and limbs languishing feelings, loss of muscular power, nervousness, irritability cold feet or hands accompanied by hot head; symptoms of consumption short breath flushings of the face; aversion to society confusion of the mind loss of memory; nightly [illegible]; colorless slight discharges upon the least excitement trembling palpitation of the heart, irregular appetite variable temper etc

YOUNG MAN if you experience any of the various symptoms enumerated above pause to consider The present is the golden moment in which you may secure health and happiness You may feel strong now, but if you have ever practiced the vice of self-abuse even in the slightest degree you have the seeds of weakness in your system and their undermining influence will, sooner or later dash the fair edifice of your strength to the ground leaving you a helpless object being It is not a disease that declares itself at once Therein lies its greatest danger for while the patient is being treated for some affection of the Heart, Lungs, Brain, or Digestive functions, he sinks into a general debility that soon adds him to the list of the victims of the terrible disorder, Seminal Weakness

See in the bent form and languishing steps the poor victim of the [illegible] vice Mark the course of the destructive complaint in the hollow cheek and dull eye

Drowsiness is one of the premonitory symptoms At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind becomes apprehensive and restless nights succeed days of depression

It is the nature of the complaint to assume sudden changes that leave the poor victim but little hope of recovery In a single instant it may wither your fond hopes and blast your honest aspirations.

Marriage is sought by a natural impulse as a hope of relief This is an error of the first magnitude for the system unprepared for the exigencies of the occasion suddenly fails, and he finds himself in a deplorable condition from which there is but the slightest hope of recovery Or if the marriage should result in offspring, they are puny distorted decrepid and degenerate This is applicable to both sexes whether married or single and to all times of life

Do not delay if you feel any of the symptoms of the terrible complaint or if your acts have been such as to lead to them but by instant application secure to yourself the only hope of health and happiness The Doctor uses no mercury or other deleterious drugs—cures, when taken in time always guaranteed and full and proper vigor restored

The afflicted are assured of every confidence.

PERSONS AFFLICTED WITH VENEREAL.

During the seventeen years since the establishment of the Institute the number of cases of Venereal that have been treated show a record unsurpassed by any hospital in the world and the success that has invariably marked the course of treatment,

Without Mercury or other Deleterious Drugs,

Shows conclusively the use of them to be not only uncalled for but actually dangerous for it is a thoroughly established medical principle that these poisonous drugs by entering the blood ruin the constitution and destroy life.

The Doctor effects a cure in recent cases, in a few days and finds no difficulty in curing those of long duration without submitting the patient to such treatment as will draw upon him the slightest suspicion or oblige him to neglect his business, whether in-doors or without The diet need not be changed Cures always guaranteed, or no pay required

IMPORTANT TO FEMALES.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance the inquiry should be Where is there a physician competent to a limit a [illegible] relief and whose respectable standing in society will recommend him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are feels called upon to interpose a [illegible] by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years and is fully qualified to administer in all cases both medically and surgically not in a superficial manner but in a thorough manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified unscrupulous or designing Therefore families and ladies can rely upon a father All in affliction can find in him one who can feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed—consultation by letter or otherwise free Cures guaranteed in all weakness and trouble incidental to the sex Private apartments are provided when desired where can be had all the advantages of unremitted attention of the Doctor and the most skillful and most faithful nurses

TO CORRESPONDENTS —Persons, either male or female residing in the interior are often deterred from consulting the Doctor because they cannot spare the time nor incur the expense of a visit to the city To such he would say that a plain statement of the symptoms and information bearing upon the complaint will enable him to [illegible] the for them so that they can be cured at home None need have any false delicacy about writing, no matter what the nature of their complaint as the communication will be seen by no one except the Doctor and will be treated with the utmost confidence and either be returned or destroyed

Ayer's SARSAPARILLA,

THE WORLD'S GREAT REMEDY FOR

Scrofula and Scrofulous Diseases.

From Emery Edes a well known merchant of Oxford, Maine

"I have sold large quantities of your SARSAPARILLA but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it they agree there has been no medicine like it before in our [illegible]"

Eruptions, Pimples Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev Robt Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA My daughter aged ten had an afflicting humor in her ears, eyes and hair for years which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months"

From Mrs Jane E Rice a well-known and esteemed lady of Dennisville Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P Gage, Esq , of the [illegible] Gage Murray & Co , manufacturers of papers in Nashua, N H

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time, but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as any body's, and I am without any symptom of the disease that I know of I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA "

Erysipelas—General Debility—Purify the Blood

From Dr. Robt S[illegible], Houston St., New York.

"DR. AYER. I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your SARSAPARILLA, and I have just now cured an attack of Malignant Erysipelas with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people"

From J E Johnston, Esq , Wakeman, Ohio.

"For twelve years, I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA Took two bottles, and some of your PILLS. Together they have cured me I am now as well and sound as any body. Being in a public place, my case is known to everybody in this community, and excites the wonder of all"

From Hon. Henry Monro, M P P. of Newcastle, C W , a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general debility, and for purifying the blood, with very beneficial results, and feel confidence in commending it to the afflicted."

St Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq , the able editor of the Tunkhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skillful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the [illegible] The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other The whole neighborhood predicted that the child must die "

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the [illegible] of syphilis and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J French, M. D , an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER My dear Sir I have found your SARSAPARILLA an excellent remedy for syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skillful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very [illegible] of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

possess so many advantages over the other purgatives in the market, and their superior virtues are so universally known, that we need not do more than to assure the public their quality is maintained equal to the best it ever has been, and that they may be depended on to do all that they have ever done.
